

Dear Parents/Carers,

During half term Roofing Building works will commence all around school.

Scaffolding will be put up around the school during the half term week and works will begin on the roof across the whole school site. This will include new coping stones along the ridge and the replacement of any broken, cracked or slipped tiles on the pitched roofs. The flat roofs will also be repaired with new bitumen applied.

This work is planned to last between 8-10 weeks. Inside school will not be affected and we will continue to run as normal.

During this time The Early Years Entrance will be out of use, we ask for Nursery and Reception Class children to arrive and leave through the Hall once we are back from half term. We will be sending updates when this entrance will be useable again.

An area of the main carpark will also be out of use due to the builder's storage container been stored on here.

Thank you for your co-operation with all our ongoing building works.

With Thanks,
Mrs Clowes
Principal
