

Dear Parents,

Thank you for all of your support in ensuring your children have attended school each and every day throughout December. The children have really enjoyed colouring Santa's hat each day and have eagerly awaited the announcement of prize winners on Fridays.

Attendance is crucial to your child's educational success. Being in school every day allows pupils to access our outstanding curriculum and the remarkable opportunities we provide. Please find below the winners from the 5th, 12th, and 19th of December. Today, on the final day of the Autumn Term, many children have achieved 100% attendance for the month of December—having coloured every box and reached the green star. These children have been given a wrapped gift from underneath our Christmas tree.

We understand that inevitably there are times when children are unwell and unable to attend school. While they may be disappointed, we will continue to run this tracker and prize-giving at other points throughout the year so that every child has the chance to win a prize next time.
